Maritime Week Africa 2026

EVENT DETAILS

- Date:** 20-22 January 2026 (Conference 21–22 January; Training 20 January)
- Venue:** Radisson Collection Hotel, Waterfront Cape Town, South Africa
- Theme:** From Ambition to Action: Energising Africa's Shipping and Bunkering Sectors
- Format:** A two-day conference, Liquid Cargo Business & Vessel Chartering course, two networking lunches, two evening receptions, and a post-conference boat tour of Cape Town Harbour.

The 17th edition of this renowned event will unite leading industry and government speakers from across the marine fuels value chain to address the key issues shaping Africa's bunkering and energy future. Building on discussions from MWAf 2025 in Mauritius — covering traditional bunkering, the energy transition, and geopolitical impacts — the 2026 event will revisit environmental and fiscal challenges while exploring solutions to strengthen South Africa's role as a regional bunkering hub.

With contributions from the Department of Transport, Transnet National Ports Authority, SAMSA, SARS, and other stakeholders, MWAf 2026 will cover traditional and emerging fuels, technologies, and market developments. Alongside the main conference, delegates can enjoy a training course, networking lunches and receptions, and a scenic harbour tour — all hosted at the oceanfront Radisson Collection Hotel, Waterfront Cape Town.
