

FIVE-DAY RESIDENTIAL COURSE

The Oxford Bunker Course

The global benchmark for
bunker industry professional
development

7-11 September 2026

Keble College
University of Oxford, UK

The background of the top half of the poster is a composite image. On the right, St Paul's Cathedral in London is shown at night, illuminated with warm lights. On the left, a large oil tanker ship is shown at sea, with a smaller tugboat alongside it. A faint, stylized world map with yellow connecting lines is overlaid on the left side of the image.

WHY ATTEND?

FOR TODAY'S BUNKER DECISION-MAKERS AND TOMORROW'S INDUSTRY LEADERS

Designed for newcomers to bunkering and shipping, and for professionals who need a stronger understanding of marine fuel markets, operations and risk.

Expert-led training

Learn from practitioners who understand the technical, legal and commercial realities of bunkering.

Practical training

Case studies, scenarios and exercises turn knowledge into commercial judgement.

Residential experience

A focused learning environment in the historic surroundings of Oxford.

Relationship building

Build lasting connections with peers and experts from across the bunker value chain.

Career development

Broaden your perspective and accelerate your professional growth.

Global perspective

Gain a truly international view of the industry, market and future trends.

PROFESSIONALS

FUTURE
LEADERS

WHAT YOU'LL LEARN

FROM BASICS TO CERTIFICATION

The programme mixes expert teaching, practical exercises, networking breaks and evening activities across the week.

1 SUPPLY CHAIN

From refining to delivery, understanding the global bunker supply chain.

2 FUEL QUALITY & TECHNICAL KNOWLEDGE

Fuel characteristics, testing, compatibility and operational considerations.

3 COMMERCIAL & TRADING

Market dynamics, pricing, risk management and commercial strategy.

4 REGULATION & FUTURE FUELS

Global and regional regulations, compliance and the transition to low-carbon fuels.

5 LEGAL, CLAIMS & RISK

Contracts, terms, claims handling and managing legal exposures.

EXPERT-LED BUNKER TRAINING

The Oxford Bunker Course is led by respected experts and seasoned industry practitioners with a collective experience across the global bunker value chain.
